persistent refusal to reinstate Archibald, as there are but few jockeys of his class at the Salt Lake meeting. It is further intimated that rough riding is minor offense compared to some that might be mentioned in connection with the Ogden meeting.

A detailed account of yesterday's racing follows:

Swagertator beat barrier, was leading by six lengths first quarter, and won easily, was the class, and going just to his liking. Billy Taylor moved up fast entering stretch, overhauling Wolfville and winning easily. Faintly strong. Fountain went well first three-quarters, then seemed to tire. Galvanic could not raise a gallop.

May Bride, off nicely, set a hot pace through first quarter, and won easily, was the class, and going just to his liking. The boys say the game is none too popular in Los Angeles and that it is a question whether it will thrive or not. Pickering has a beautiful track, with fine location, but, like many bicycle managers, he does not know the game, and how to put on races which will please the public.

The leaving of the riders for Salt Lake will take all the good men away from Los Angeles and the game will probably die out down there for want of proper handling.

The six riders who came yesterday here all had the advantage of not only ex-

Dr. Clayton is one of the best judges of dogs in America today, and is known from coast to coast, where he has for many years been the state and national champion show judge. Helena, Mont., May 25.—Rotten fielding on the part of the Boise team gave Helena the opening game today, the final score being 12 to 4. Jocko Thomas pitched excellent ball for the senators and the Helena fielding was almost errorless. Boise made all its runs in the seventh inning, and in no other inning did a Boise man get past second base. Helena pitched a strong game. Score:

Dr. Clayton stated yesterday at the show this year at Salt Lake would be the most important in the west this year, with a single exception of the one at San Francisco. The latter show alone had more entries, which gives some idea of the importance of the Salt Lake show.

Every boy who appears in line with a dog will be given a pass to the dog show.

The work of fixing the place where the show is to be held at the first South street is about completed, and everything will be in shape for the opening of the show tomorrow.

New York, May 23.—Unusual interest has been roused in this country over the coming of the Kentucky-bred colt, Sir Martin, to the country, and he will be run at Epsom tomorrow. Horses here and in other cities sent large numbers of people to the track to see him in Sir Martin at the prevailing odds of 7 to 2.

Sir Martin is a Kentucky-bred colt, and a cablegram has been received from the English trainer, Joe Cannon, as follows: "Colt never better. Will surely win, and there is much speculation whether King Edward will follow the old custom."
